Swarabitan 40 Paperback - January 1, 1966 . Discover amazing children's books with Amazon Book Box, a subscription that delivers new books every 1, 2 or 3. "How can I do it? Who knows? But I'll do my best I love my job, but it's not easy. I want to create something special for you - something where you will feel completely different. It's like you're reading a book that tells a story. It can be anything, but it should be something that will help you withdraw into your thoughts. When I work on my stories, I think about everything I have done and everything I have seen and everything I have learned. This is what I am trying to convey to you."
