What's new in Not Without My Poop:

, Queens Sunny Beach is a residential neighborhood and part of the East Flatbush section of the New York City borough of Queens. It is located immediately southeast of Downtown Brooklyn and about one mile east of Atlantic Avenue in central Flushing. In addition to the residential area, the town has businesses and churches, including the congregation from which the neighborhood gets its name, the Revival Tabernacle Full Gospel Metropolitan Tabernacle of God in Mission. The neighborhood takes its name from a former amusement park called the "Sunny Beach Amusement Park", which opened on September 2, 1908, to play host to the "first circus to be held by a Jewish company in New York City." The park's Amusement Park flourished for five years and was the home of the "world's largest circus", according to the title of a song on the album "The Mercury Recordings, Sunnyside—1993." George Jay Gould, co-founder of the Golden Age of Comic Books and creator of the Solar Pons character, went to the same church as Sunny Beach, and in the 1940s he warned many of his friends that they would all die if their biographies were soon discovered. Many did, and their initial deaths were blamed on heart attacks. A few, through the intervention of the radio comedy program The Jack

Benny Program or by foul play committed by the CIA, survived the initial threats in New York and went on to live out the rest of their lives in peace in Palm Springs, California. Examples include newspaper publisher Philip K. Wrigley, who died in 1926, New York Supreme Court Judge Samuel B. Brush, who died in 1935, notable movie producer Louis M. Warner, who died in 1947, and sportsman Max Goldman, who died in 1994. The name "Sunny Beach" (not to be confused with the similarly-spelled "Sunny Beach, Staten Island") is derived from its location, which was on the eastern boundary of the present Central American Liberation Front, a Nicaraguan rebel allied group of the Revolutionary Communist Party. The suburb was once the property of the Schupfeld family, who were mostly German. Sunny Beach was home to a thriving Jewish community made up mainly of Eastern European immigrants and, from the late 19th century to early 20th century, before the rise of Nazism, not uncommonly referred to as the "old Jewish neighborhood." The name Sunny Beach is rarely if ever used to refer to the neighborhood today. The former
