Elden Ring Crack + X64

The game is amazing and I love it. It's like Final Fantasy 7 but on steroids and it's not slow and boring at all! The game is awesome! I cannot stop playing it. So far I love it. The art is pretty good for a PS4 game, and honestly I am always stoked to see any piece of art of this franchise This game deserves 5 stars. Doesn't get as much attention as others, but it's a fantastic game. I will not play anymore titles other than this on the PS4.

10/10. This game is not even being considered for the Game of the Year awards. What a game! Like no other RPG I have played before. Amazing graphics, incredible story, amazing gameplay, amazing voice acting, and a ton of other great things as well.
